

2017 Fund-A-Need

TALK, READ, SING

At LPCH all babies receive the best of care, regardless of family resources. Our 2017 special project, Talking is Teaching - Talk, Read, Sing, is helping low-income families ensure healthy early brain development in their young children. Team up with Stanford Children's Health pediatricians in their efforts to ensure that the children born at LPCH get a strong start that prepares them for success in school and life.
